All Proceeds from this event will be used by The Gamma Rho Foundation to support the following Community Bridge Builders Programs:

**Project Manhood (Inspiration/Responsibility)** - This Program provides mentors and life building activities for boys between ages 9 and 12 years old who lack positive male role models. Mentors are required to interact with their mentees for at least one hour per week. The Program includes planned field trips designed to provide positive life building experiences that will help transform boys into productive men in our community.

**Scholarship Program** - This Program is designed to promote academic excellence and provide financial assistance to incoming freshmen that satisfy the requirements established by the Foundation.

**Talent Hunt** – This Program is designed to provide a local showcase for talented young people in our community. Each year local talent hunt participants compete for prizes and cash money. The winners have opportunities to participate in district (regional) and national talent hunt competitions.
